

**REMARKS/ARGUMENTS**

***Restriction Requirement***

Applicants provisionally elect, with traverse, Group I, consisting of claims 1-19 for examination. Applicants make no representations by this election regarding the merits of the restriction requirement, the scope of the originally presented claims, the possible existence of multiple distinct inventions, any combination/subcombination relationship between the claims, or any relationship between any product and/or process. Applicants agree to withdraw the claims of Group II, claim 20, without prejudice and reserve the right to file them in a later application.

Applicants respectfully submit that Groups I and II, as set forth by the examiner, are amenable to being examined without imposing a serious burden on the examiner. Accordingly, applicants request that the examiner reconsider this restriction requirement after an initial search has been conducted. The examiner is encouraged to contact the undersigned attorney, Raymond N. Scott Jr. at (215) 564-8951, to discuss resolution of any remaining issues.

***Conclusion***

In view of the foregoing remarks, applicant submits that this application is in condition for allowance.
